Good Afternoon

After your absentee board meeting, and upon completion of the counting process, the board members shall cause the results of the count to be entered on an absentee abstract form. A blank absentee abstract form may be generated in **Report Manager**. The abstract form must be signed by the board members. Upload the signed and completed absentee abstract to the absentee folder.

You may then make a results file and upload your absentee results to **Election Reporting** application. You may publish the results to BOE internal and public. The public website will not display results until 7:30 pm.

This guidance does not apply to Columbus County and Gaston County at this point.
